LEYLI HERNANDEZ

ABOUT ME

My name is Leyli Hernandez, 17 years old. I've grown up and lived in Queens and am very passionate about helping my community in any way, anytime. I am constantly assisting in any event which has allowed me to be very engaging towards others whenever I get the opportunity. I love to stay physically active and always have something to do. I am always down to try new things and expand my horizons.

VOLUNTEERING HISTORY

- I spend most of the weekends or afterschool hours volunteering with Elmhurst Community Partnership(ECP) which is a non-profit organization that provides free sports clubs, social groups, community assistance, community events and other activities.
- I am also the Co-Chair of the Executive Board of another non-profit company I work with called SPEAKHIRE. SPEAKHIRE works with Middle Schools, High Schools, and Colleges to help students work on their leadership skills, career paths, and connects these students with professionals based on their career interests. I am also chair to the Media committee, and work with planning our monthly events to help them run smoother.
